DETAILED ACTION

Response to Traverse

Applicants' election with traverse of Group II (claims 26-50) in the reply filed on 9 June 2006 is acknowledged. The traversal is on the ground(s) by applicant that an undue search burden is not evident due to the scope of applicants' instant invention. Applicants' traverse, though acknowledged, is not found persuasive because of reasons already made of record.

Additionally, applicants' state in paragraph [2] of said response that, "[a]pplicants submit that searches for one group will uncover results for the others, [...]". Examiner finds this not agreeable, and further maintains that this does not warrant inventions (groups thereof) being related, with no distinction as alleged.

Further, applicants' disclose in paragraph [4] of said response that applicants elect a compound of formula I. This office action clarifies that the election of "a compound of formula I" is deemed to require a more detailed and specific specie election. Applicants are hereby required to elect for each substituent a specific chemical group or derivative thereof (e.g., G is O, X is NO, T is OR, etc.). This more specific election of species is therefore required for prosecution on the merits. There are a multitude of substituents for formula I as disclosed by applicants in the instant claims. Applicants' are to select one and exact specie of formula I to be administered in an effective amount to treat Androgen Deficiency in Female (ADIF)-associated condition. The selection of one structure with substituents of instant structure is fully defined with a

specific group or derivative thereof (e.g., said SARM compound wherein G is S, X is CH₂, Y is Br, etc.).

Election/ Restriction Requirement

The reply filed on 9 June 2006 is not adequately responsive to the prior Office Action, which is herein clarified above. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
